

Demonstration of Proposed Features

Date	5 July 2026
Team ID	
Project Name	Rising Waters
Maximum Marks	1 Mark

Demonstration of Proposed Features:

This document captures all the features that were proposed during the project planning phase and tracks whether each feature was successfully implemented and demonstrated. It serves as evidence of the team's ability to deliver on the proposed solution.

S.No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrated (Yes / No)	Remarks
1	Flood Prediction	Predicts flood occurrence using a trained Random Forest model.	Implemented	Yes	Working successfully
2	User-Friendly Web Interface	Allows users to enter weather parameters easily.	Implemented	Yes	Responsive interface
3	Instant Prediction Result	Displays flood/no-flood result immediately after submission.	Implemented	Yes	Accurate output displayed
4	Input Validation	Accepts only valid numerical inputs for prediction.	Implemented	Yes	Prevents invalid entries
5	Model Integration	Flask application integrated with the trained ML model (.save file).	Implemented	Yes	Successfully deployed
6	Attractive UI Design	Modern homepage and result pages with flood-themed background.	Implemented	Yes	Improved user experience

Feature Implementation Summary:

Total Features Proposed	6
Total Features Implemented	6
Total Features Demonstrated	6
Overall Implementation Rate (%)	100%
