| <b>Project Name</b>  | Rising Waters |
| <b>Maximum Marks</b> | 1 Mark        |

### Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

| S.No | Team Member Name       | Role in Demo                  | Section Presented                                    | Contribution Summary                                                                                                         | Participation (Active / Passive) |
|------|------------------------|-------------------------------|------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|----------------------------------|
| 1    | Khushwanth Medarametla | Team Leader & Flask Developer | Project Overview, Model Deployment & Web Application | Coordinated the team, integrated the ML model with Flask, demonstrated the web application and explained prediction results. | Active                           |
| 2    | Khushwanth Medarametla | Machine Learning Developer    | Model Building & Performance Evaluation              | Explained Decision Tree, Random Forest, KNN, XGBoost models, model comparison and evaluation metrics.                        | Active                           |
| 3    | Khushwanth Medarametla | Data Analysis Lead            | Exploratory Data Analysis                            | Presented dataset exploration, univariate analysis, multivariate analysis and descriptive statistics.                        | Active                           |
| 4    | Khushwanth Medarametla | Data Pre-processing Lead      | Data Cleaning & Feature Engineering                  | Demonstrated handling of missing values, outliers, feature scaling and train-test splitting.                                 | Active                           |
| 5    | Khushwanth Medarametla | Data Collection Lead          | Dataset Collection & Project Introduction            | Explained the project objective, dataset source and data collection                                                          | Active                           |

### Team Coordination Notes:

| Aspect                                 | Details                                                                                                                                            |
|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Team Leader / Coordinator              | Khushwanth Medarametla                                                                                                                             |
| Overall Team Coordination Rating (1-5) | 4                                                                                                                                                  |
| Any issues during demo                 | Minor issues related to model loading and input validation were identified during testing.                                                         |
| How issues were resolved               | The team verified the saved model files, corrected input validation, tested the Flask application again and successfully demonstrated the project. |
